

Manufacturer's Certification

This document is to certify that the purchased metal roofing product contains a Durapon 70™ Cool Roof or Ceranamel™ XT-40S Cool Roof coating that:

- a) Is appropriately pigmented and is specifically and primarily designed to reduce the heat gain of a dwelling unit; and
- b) Meets or exceeds ENERGY STAR® program requirements for steep-slope roofs (as in effect at the time of installation),

in accordance with IRS Notice 2006-26 or other pertaining regulations. Furthermore, the roof coating is "an Eligible Building Envelope Component (per IRS Notice 2006-26)" that qualifies for the credit allowed under §1333 (adding §25C to the Internal Revenue Code) of the Energy Policy Act of 2005.

Declaration Statement:

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts presented are true, correct, and complete.
